RYANSHTECH

SBA 8(A) WOMEN OWNED CERTIFIED COMPANY (2021 - 2030)

Corporate Capabilities

Established in 2011, Ryansh Corporate Solutions, LLC. (RyanshTech) is an SBA Certified 8(a) and Women-Owned Small Business dedicated to expertly serving our customers. Headquartered in Fairfax, VA, we are a performance-based organization, whose philosophy is fostered through trusted partnership with clients to assess the needs and, in turn, develop the methods, tools, and techniques to successfully meet the objectives. As a highly respected, service-oriented business built on strong client relationship, Ryansh Tech tailors services to meet customer needs.

RyanshTech is committed to excellence and creating innovative solutions for our Federal Government clients, continuously striving to deliver an outstanding service experience and surpass client's expectation. Our collective knowledge and experience provide leadership and strategic direction within the practice areas offered. We adapt commercial and in-house proven best practices to deliver a higher level of operational efficiencies and value to our clients. Above all, a continued commitment to customer satisfaction and quality control distinguishes RyanshTech.

Core Service Offerings

RyanshTech provides management and systems integration consulting services delivering true business value, innovations, and return on investment with combined business and IT experience, deep domain expertise, and rich technical knowledge. Our portfolio of services includes:

Corporate Capabilities

Ryansh Corporate Solutions, LLC. (RyanshTech) is an SBA Certified 8(a) and Women-Owned Small Business dedicated to expertly serving our customers. Headquartered in Fairfax, VA, we are a performance-based organization, whose philosophy is fostered through trusted partnership with clients to assess the needs and, in turn, develop the methods, tools, and techniques to successfully meet the objectives. As a highly respected, service-oriented business built on strong client relationship, Ryansh Tech tailors services to meet customer specific needs.

Past Performance

Supported DHS CBP Polygraph Case Management System (PCMS) Program to streamline the case management process by providing intuitive dashboards for enhanced validation and reporting statistics, enable increased operational efficiencies, and ensure federal investigative and judicial regulation compliance.

Provided financial and administrative support services to USAID in support of the PMO organization in developing SOPs, financial documentation, process documentation, budgets, and clerical support for the team directors. Provided oversight of a team of 5 staff that provided a variety of governmental functions to meet the mission objectives.

Leadership Team

Pooja Behl, CEO is a seasoned management executive in the Federal and Commercial sectors and brings over 15 years of success in consulting, program/project management, quality improvement, and business development. Her experience with USAID ensures consistent delivery excellence to customers as she works to provide vision and leadership for RyanshTech and is responsible for the company's direction, strategic goals, and growth objectives with a focus on delivering transformative solutions for defense and civil missions.

Gretchen Barlow, COO works closely with the executive leadership to foster the company's growth, mature its operating infrastructure, and achieve its strategic business objectives. She has spent 20-years in the private sector building industry relationships and managing business operations and applies her expertise, and experience, in partnering with small businesses to provide the integral link to position them for sustained success, profitability, growth and expansion.
